

PRAVIN KUMAR MAHATO

BIT Mesra,Ranchi • +918434934649 • kumar02pravin@gmail.com

EDUCATION

Birla Institute of Technology, Mesra Btech in Chemical Engineering	2023 - 2027
Gayatri Shiksha Niketan,Adityapur Jamshedpur, CBSE Board Percentage: 75.4%	2020 - 2022
Atomic Energy Central School,Narwapahar, CBSE Board Percentage: 88.4%	2019- 2020

SKILLS

- Analytics & Visualization: Advanced MS Excel, Power BI, Tableau, Matplotlib, Seaborn
- Programming Languages: Python (NumPy, Pandas, Matplotlib), SQL
- Tools & Platforms: GitHub, Jupyter Notebook, VS Code, MS PowerPoint, Google Sheets
- Databases: MySQL, MongoDB (Basic)
- Soft Skills: Problem Solving, Teamwork, Communication, Critical Thinking
- Relevant Coursework: Data Structures and Algorithms, Probability & Statistics, Database Management System,Market Research,Business Strategy,Pricing Analysis

PROJECTS & EXPERIENCES

Diabetes Prediction Classifier Comparison & Evaluation

- Built and compared multiple ML classifiers (Logistic Regression, SVM, Random Forest, KNN) to predict diabetes using structured healthcare data.
- Performed data cleaning, feature scaling, and EDA to identify key predictors affecting model accuracy.
- Evaluated models using accuracy, precision, recall, F1-score, and ROC-AUC to select the best-performing algorithm.

MLflow Tracking & Experiment Management

- Implemented MLflow to log experiments, parameters, metrics, and models for streamlined ML workflow management.
- Automated versioning of datasets and models to improve reproducibility and experiment tracking.
- Deployed an organized ML pipeline enabling faster comparison of model performance across iterations.

Alchemist AI

July 2024 - Septemper 2024

Strategy Consulting Intern

- Conducted in-depth market and competitor analysis of B2B SaaS companies, assessing product strategies, pricing models, and market positioning.
- Collaborated with cross-functional teams to develop go-to-market strategies and align product direction with market trends.
- Analyzed performance and market data to deliver actionable insights that improved customer engagement and strategic decision-making.

ACHIEVEMENTS & EXTRA-CURRICULAR ACTIVITIES

- Earned certification in Alchemist AI
- Built and published multiple data analysis projects on GitHub (e.g., AppSight-EDA, customer segmentation), demonstrating proficiency in Python (Pandas, NumPy) and visualization tools.
- Completed Top 50 SQL practice questions sheet on LeetCode, enhancing query writing and problem-solving skills.
