PROFILE INFO

I'm a motivated and detail-oriented IT professional with a BCA degree, eager to apply my technical skills in the industry. I have a strong foundation in programming, software development, and system analysis, and I'm passionate about solving problems through technology.

TECHNICAL SKILL

- Java
- C
- C++
- HTML
- PHP
- Windows
- OOPs Concepts
- MySQL
- Cybersecurity
- Data Science

SKILLS

- Public Relations
- Teamwork
- Time Management
- Leadership
- Problem-Solving
- Team Collaboration
- Communication Skills

LANGUAGES

- English
- Hindi
- Marathi
- Marwadi

CERTIFICATE

- MS-CIT

HOBBIES

- Reading
- Traveling
- Cooking

EDUCATION

BCA

2022-Present

SGBA university

Appear

- Bachelor of Computer Applications (BCA) is a three-year undergraduate degree focused on computer science, programming, and software development.
- Equips students with technical, analytical, and problem-solving skills essential for the IT industry.
- Covers fundamental and advanced concepts in computer applications, databases, networking, and web development.

HSC

2021-2022

State Board

52% Percentage

- Learned fundamental concepts in mechanics, electromagnetism, thermodynamics, organic/inorganic chemistry, and chemical reactions.
- Developed problem-solving skills in algebra, calculus, trigonometry, and statistics.
- Gained understanding of human anatomy, genetics, microbiology, and biotechnology.

SSC

2019-2020

State Board

89% Percentage

- Developed presentation skills, teamwork, and critical thinking through academic projects and group activities.
- Conducted practical experiments in Physics, Chemistry, and Biology to reinforce theoretical concepts.

PROJECT

Course Management

2025-present

Course Management involves the planning, organizing, and administration of educational programs and training modules to ensure effective knowledge delivery. It is used in academia, online learning, and corporate training to streamline content, engagement, and performance tracking.
