About Me

CALL COORDINATOR / SERVICE OPERATIONS EXECUTIVE

Detail-oriented and dependable Call Coordinator and Service Management Professional with 5+ years of hands-on experience managing technical service operations. Adept at handling incoming service requests, technician dispatch, preventive maintenance, inventory coordination, and ensuring seamless communication between customers and field engineers. Recognized for strong interpersonal skills, efficient call handling, and a commitment to enhancing service delivery performance.

Professional Experience

Call Coordinator & Service Management Executive

Kushal Infosystems | Motihari
March 2023 – Present

- Handled 40–50 daily incoming service calls, logged complaints, and dispatched technicians based on urgency and location.
- Managed open service requests, breakdowns, and preventive maintenance schedules for timely closure.
- Conducted preventive maintenance visits, reducing downtime by 20%.
- Maintained detailed logs, service records, and technical documentation for audits.
- Oversaw spare parts inventory, procurement, and stock level tracking.
- Coordinated escalations and acted as a bridge between clients and the service team.
- Provided client training on basic printer and PC troubleshooting and care.
- Created monthly service reports and performance summaries for internal stakeholders.

Service Desk & Call Coordinator

Vision Tech Solutions | Motihari
January 2020 – February 2023

- Received and logged 30–40 customer service calls daily, assigned tickets, and ensured follow-up until resolution.
- Prioritized urgent breakdowns and coordinated technician visits accordingly.
- Maintained preventive maintenance calendar and ensured timely execution.
- Updated daily service logs, inventory use, and customer satisfaction feedback.
- Collaborated with senior technical staff for unresolved issues and follow-ups.
- Provided first-level phone support to customers for common issues.
- Generated service performance reports for monthly management reviews.
