Professional Summary

Detail-oriented engineering enthusiast with strong skills in Java, SQL databases, web development, and application logic. Experienced in building academic and practical projects, with a focus on problem-solving, analytical thinking, and continuous learning. Seeking opportunities to contribute to collaborative, real-world software initiatives.

Skills

- **Languages:** Java, SQL, HTML, CSS, JavaScript
- **Tools:** Git, VS Code, IntelliJ.
- **Core:** OOP, DSA Basics, REST API concepts
- **Soft Skills:** Communication, Problem-Solving, Analytical Thinking, Teamwork

Experience

QSpiders — Technical Trainee

Jul 2025 – Aug 2025

- Learned SQL, Core Java, OOP concepts, and problem solving.
- Performed hands-on practical tasks and built small assignments.

Melux Control Gears Pvt Ltd — Hardware Testing Intern

Jun 2024

- Worked on SMPS testing, drum core testing, coil cutting, dipping and component forming.
- Supported hardware team in quality testing procedures.

Projects

Healthcare Symptom Analysis Web App

- Users enter symptoms → app predicts possible illnesses.
- Integrated doctor appointment module + medicine delivery system.

House Price Prediction

- Built a machine learning model to predict house prices using features like area, location, number of rooms, and amenities.
- Implemented data preprocessing, feature scaling, and model training using Linear Regression.
- Developed a simple web interface (Flask) for users to input property details and view predicted prices in real time.

Awards & Certifications

- Java Certification – IIT Bombay Spoken Tutorial
- Employability Skills Training – Mahindra Pride Classroom
- Winner of Technical Quiz – 2023, SKNSCOEK: Secured first position in the college-level technical quiz event.

Education

B.Tech Electronics and Telecommunication

2022–2026

CGPA: 9.12

HSC – 2022

Percentage: 65.50%

SSC – 2020

Percentage: 93.20%
