EDUCATIONAL BACKGROUND			
COURSE	INSTITUTE	CPI/CGPA/%	Year
B. Tech in Information Technology	Rajiv Gandhi Institute of Petroleum Technology	7.00/10* *Up to 3 rd Sem	2024-2028
Intermediate	Maheshwari Public School, Kota	85.60%	2022
High School	Sandipani School, Nagpur	96.50%	2020
Hackathons and Events			
Hack Heist (Google)		29 th to 30 th Mar 2025	
- Participating in Hack Heist was an incredibly immersive experience. - The 36 hour stretch demanded high levels of energy, focus, and team synergy. - This event not only enhanced technical capabilities but also built confidence, improved communication and demonstrated the power of collaborative innovation. - It was a real – world simulation of high stakes product building, an unforgettable journey of learning and growth.			
Kode Kurrent (IEEE- RGIPT)		22 th to 23 th March 2025	
- Participating in Kode Kurrent season 1 was an exhilarating experience . - The 24 hour format pushed boundaries, demanding both mental resilience and collaborative synergy. - Working alongside like minded individuals is a competitive yet inspiring environment helped sharpen technical skills, foster teamwork, and promote out of the box thinking. - The mentorship sessions, sponsor interactions, and final project demonstrations were especially impactful. - Topic – AI Voice Cloning Model			
SMART INDIA HACKATHON – 2025			
- Cleared internal hackathon round. - Problem Statement – 25059 - Idea Title – Multilingual DBT checker and Awareness Platform			
PROJECTS			
Developed a real world based problem’s solution using C/C++, applying programming concepts to create a practical solution. Designed and implemented features ,demonstrating problem-solving and coding skills.			
ACHIEVEMENTS			
- JEE ADVANCED Qualified. - NTSE Qualified. - Participated in TATA Crucible Campus Quiz – 2025 - Participated in TATA Imagination Challenge – 2025 - Completed certified courses in C and C++ Programming from a government-recognized institute, with official certification. - Participated in Synergy 2025 – Presented an <i>Efficient Water Saving Technology</i> project demonstrating sustainable water optimization methods and created visual poster for the same. - Participated in Viksit Bharat Young Leadership Dialogue (VBYLD) 2026 and completed Viksit Bharat Quiz.			2024 2020
POSITION OF RESPONSIBILITIES			
Energia Executive Hospitality Sports Council RGIPT			2025
Arpan Executive Primary and Teaching Club RGIPT			2025-Present
SKILLS			

- Proficient in **C and C++ programming**, with strong knowledge of **Object-Oriented Programming (OOP), Data Structures, and Standard Template Library (STL)**.
- **Python – Basic Knowledge**.

CURRENT PERSUATION

- Currently learning **Data Structures and Algorithms (DSA)** to strengthen problem-solving and coding efficiency.
- Looking forward to learn Web development and front – end technologies to expand into full-stack development.

EXTRACURRICULAR ACTIVITIES AND HOBBIES

- Participated in inter college competitions and events. 2025-2026
- Interested in Badminton and Carrom.
