ABOUT ME

Highly motivated and enthusiastic recent graduating with a strong foundation in AI/ML principles and programming skills, seeking an entry-level position to contribute to innovative projects and gain practical experience in the field.

EDUCATION

Sep 2022 - Present

Gyan ganga institute of technology and science,Jabalpur

Bachelor of Technology

Currently pursuing a B.Tech from Gyan Ganga institute of technology and science with a CGPA of 7.77/10. Gaining strong foundational knowledge in artificial intelligence and eager to apply academic learning to real-world challenges.

2021- 2022

Central Academy senior secondary school,Jabalpur

Higher Secondary Education

Completed my 12th grade from Central Academy senior secondary school [CBSE] in the stream of science achieving a strong percentage of 86.2%. This academic performance reflects my dedication and ability to excel in the field of technology.

PROJECTS

2024 - NOW

Skin Cancer Detection through Artificial Intelligence

Developed an AI-based system for skin cancer detection, utilizing machine learning and deep learning algorithms to analyze and classify skin lesions. The project aimed to enhance diagnostic accuracy, improve early detection of skin cancer, and assist dermatologists in providing timely and reliable assessments.

2023 - 2024

Personalised Medicine recommendation system

Designed and implemented a personalized medicine recommendation system using machine learning algorithms to analyze patient data and suggest tailored treatment options. The project focused on improving healthcare outcomes by providing customized recommendations based on individual patient profiles, medical history.

SKILLS

Programming Languages: Python, C/C++,Java

Machine learning /Deep learning Problem Solving

Communication Inovation Artificial Intelligence

CERTIFICATIONS

Completed a oracle certification in java Programming,Artificial Intelligence with MachineLearning in Java.

Completed a Cisco Certifications in C/C++/Python,cybersecurity essential,cloud secuity.

Completed a Amazon web services certification of machine learning and machine learning for natural language processing.

HOBBIES

Exploring Machine learning Projects: Passionate about experimenting with real-world datasets and building machine learning models.

Coding Challenges: Actively participate in coding competitions on platforms like HackerRank,LeetCode,Geeks for Geeks.
