SUMMARY:

Data Analyst skilled in data cleaning, transformation, analysis, and visualization. Proficient in tools like Excel, Power BI, Tableau, and Python (Pandas, NumPy, Matplotlib, Seaborn). Strong knowledge of SQL and database management with experience in uncovering actionable insights to drive business decisions. Adept at leveraging AI tools for textual data analysis. Passionate about solving data challenges to deliver impactful solutions.

SKILLS:

- **Data Analysis:** Microsoft Excel, Google Sheets, Advanced Statistical Analysis.
 - **Visualization Tools:** Power BI, Tableau.
 - **Programming:** Python (Pandas, NumPy, Matplotlib, Seaborn), SQL (MYSQL).
 - **Machine Learning:** Basics of ML, Supervised learning, Unsupervised learning
-

PROFESSIONAL EXPERIENCE:

1. Machine Learning Role: ML Engineer

Jan 2024 - April 2024

- Participated in project selection and gained proficiency in **ML Algorithms**.
- Created ML models with high accuracy score.

2. AI & Data skill Internship Role: Intern

Jan 2023 - Dec 2023

- Conducted data analysis using advanced Excel functions (e.g., **VLOOKUP**, **SUMIF**).
 - Learn various AI tools and applied them for data type work
-

PROJECTS:

1. Customer Churn Prediction using python and ML algorithm |

[project](#)

- A Customer Churn Prediction project analyses customer behaviour using machine learning to identify patterns and predict which customers are likely to leave, enabling businesses to take proactive retention measures.
- Utilized Python libraries (Pandas, NumPy) to uncover patterns, trends, and anomalies. Created visualizations with Matplotlib and Seaborn for clear data representation.

2. Madhav E-commerce sales dashboard analysis using Excel |

[project](#)

- Performed data cleaning and pre-processing using Python and Excel to prepare Madhav E-commerce sales and cuisine data for analysis.
 - Analysed Madhav E-commerce sales and cuisine data to uncover revenue trends, user demographics and cuisine preferences. Built interactive dashboards highlighting:
 - Revenue metrics and top-performing states.
-

EDUCATION:

Bachelor of Technology in Artificial Intelligence & Data Science (AI&DS)

MIT College Chh.Sambhajinagar

Dec 2024 – July 2025

HSC

Deogiri College Chh.Sambhajinagar

Aug 2020 – June 2021

CERTIFICATES:

- Master in Excel (IT Vedant, Pune)
- Master in SQL (IT Vedant, Pune)
- Master in Power BI (IT Vedant, Pune)
- Simpli Learn Certification(introduction to data visualization)
- Skill Nation(Business Intelligence using Power BI)
- Infosys Certifications (Python for Data Science)

LANGUAGE:

- English, Hindi, Marathi
