EDUCATION

National Institute of Technology, Jamshedpur	06 2023 – Present
MCA – Computer Applications - CGPA - 7.54	Jamshedpur
Jagannath University	07 2021 – 05 2024
BCA – Computer Applications - Percentage - 74%	New Delhi

COURSEWORK / SKILLS

- Data Structures & Algorithms
- Object-Oriented Programming (OOP)
- Computer Networks
- Operating Systems
- Database Management Systems
- Familiarity with AI/ML Concepts

PROJECT

- AI Flappi Bird** | *JavaScript, HTML5 Canvas, Genetic Algorithms, GitHub, Netlify* **10 2025**
- Integrated a Neural Network with a Genetic Algorithm (GA) to create an AI agent that learns to autonomously play Flappy Bird.
- Simple CDN** | *Node.js, Netlify, Tailwind, Github, React.js* **08 2025**
- Created a lightweight tool to host and serve private images via Netlify, reducing load time and improving SEO of external sites. Automated the image Fetching and URL generation to offload heavy assets securely.

INTERNSHIP

- Rejuve India Meditor** **06 2023 – 07 2023**
- SEO & Digital Marketing Intern *Gurugram, India*
- Conducted keyword and competitor research, fixed errors via Google Search Console, and implemented on-page SEO optimizations, resulting in an 18% improvement in site performance.

TECHNICAL SKILLS

Languages: Java (Academic), C, C++ (DSA), JavaScript (Learning), SQL(basic)
Developer Tools: VS Code
Technologies/Frameworks: Linux, HTML5/CSS3, Tailwind, GitHub, ReactJS(Learning), NodeJS(Learning), Git

EXTRACURRICULAR(ACHIEVEMENTS)

- Google Code – in** **2017 – 2019**
- Role* *Remote*
- Contributed to open-source organizations (e.g., OpenMRS) over two years as a selected participant.
 - Completed front-end and design tasks (HTML, CSS, JavaScript), gaining practical experience in Git version control, structured project workflows, and meeting deadlines.
