Education

Avantika University

Bachelor of Technology in Computer Science and Engineering : CGPA 7.9

Ujjain, Madhya Pradesh, India

Aug 2022 to Present

Pushkar School

Senior Secondary Education MP Board (Class 12) : Percentage 81%

Ujjain, Madhya Pradesh, India

April 2022

Secondary Education MP Board (Class 10) : Percentage 89%

June 2020

Experience

Data Analytics With Tableau Intern

May 2025 - June 2025

Smart-Bridge

Remote

- Worked on data analytics and visualization projects using Tableau to create interactive dashboards.
- Cleaned, processed, and analyzed datasets using Python and SQL for meaningful insights.
- Collaborated with the team to identify trends, patterns, and actionable business recommendations.
- Gained hands-on experience in data-driven decision making, reporting, and presentation of analytics results.

Hackathon Tech Sprint, Grafest 2025

May 2025

Graphic Era University, Dehradun

- Secured a position in the Top 20 teams among 100+ participants in the Tech Sprint coding and innovation challenge.
- Collaborated with a team of four to brainstorm, code, and present a technical solution under time constraints.

Projects

CARA UI UX Enhancement

March 2025

Academic Project

- Objective: To develop an intuitive and responsive UI using React for an improved user experience.
- Role: Designed interactive components, implemented responsive layouts, & optimized performance.
- Impact: Enhanced usability, improved navigation, and delivered a Collaborated with a team of four to brainstorm, code, and present a technical solution under time constraints.

Employee Satisfaction Data Analysis

February 2025

Academic Project

- Objective: To analyze employee satisfaction trends using data analytics and machine learning for improved retention strategies.
- Role: Designed Power BI dashboards, applied predictive analytics for attrition forecasting, and optimized SQL queries for efficiency.
- Impact: Enhanced decision-making, identified key satisfaction drivers, and improved data processing speed by 30%.

Certifications and Achievements

- Data Analytics Essentials – Infosys
- Advanced Statistics for Machine Learning – Infosys
- Foundation of Data Science – Infosys
- Foundation of Artificial Intelligence (AI) – IBM
- E-Summit'25 Participation Certificate – IIT Indore

Technical Skills

Programming Languages: C, C++, Python

Web Development: React, HTML, CSS

Databases: MySQL

Tools & Technologies: Tableau, Power BI, Figma, GitHub

Core Concepts: Object-Oriented Programming, Data Structures & Algorithms, Database Management Systems

UI/UX & Design Skills: User Interface (UI) Design, User Experience (UX) Design, User Research, User Experience Design
