Career Objective:

I'm a Master's student in Computer Science with a growing interest in software development and cloud computing. I'm currently improving my knowledge in Java, databases, networking, and operating systems, and I'm eager to apply what I've learned so far in practical, real-world environments. I'm looking for an opportunity that offers hands-on experience, meaningful project work, and a chance to strengthen both my technical and communication skills. My long-term goal is to become a dependable, well-rounded technology professional through consistent learning and real-world exposure.

Education:

Visvesvaraya Technological University (VTU)

The National Institute of Engineering, Mysore

Master of Computer Applications

2024-Present

CGPA-7

Vijayanagara Sri Krishnadevaraya University

Vijayanagara College Hospete, Vijayanagara

Bachelor of Computer Applications

2021-2024

CGPA -8.7

Vijayanagara Sri Krishnadevaraya University

Vijayanagara College Hospete, Vijayanagara

2019-2021

Percentage-66%
