CAREER OBJECTIVE

Motivated and enthusiastic fresher with a strong passion for learning and problem-solving. Seeking an opportunity to apply my skills in [Data analysis and Data Scientists] and contribute to a dynamic team while growing professionally.

TECHNICAL SKILLS

Data Science, Basics of Machine Learning, Python, MySQL, Scikit learn, Data Manipulation, Pandas, NumPy, Data Analytics, Data Visualization, Matplotlib, Seaborn, Data Cleaning, Data Transformation, Microsoft PowerPoint, Microsoft Excel, EDA, Jupiter Notebook, Vs code, GitHub.

SOFT SKILLS

Effective Communication | Analytical Thinking | Public Speaking | Leadership Quality | Problem Solving | Teamwork | Time Management

EDUCATION

B.TECH Electronic and Telecommunication

9.60 CGPA / 7th sem

INTERSHIPS

Python Development Intern ([Certificate](#))

Saiket Systems | Duration: 1 Month (Jan-Feb 2024)

Proficiently Performed Extensive **Data Analysis** and **Manipulation** Using Python, Harnessing Libraries Like **Pandas, NumPy, Matplotlib** and **Seaborn** to Gain the Valuable **Insight** from Data

PROJECTS

Linear Regression-Based Iris Flower Prediction ([LINK](#))

Project Objective: Developed a Machine Learning model using Linear Regression to predict Sepal Length in the Iris dataset based on petal and sepal attributes.

Learning and Results: Gained expertise in data preprocessing, correlation analysis, and model evaluation, achieving an R^2 score of 0.80 and an MSE of 0.11, demonstrating strong model performance.

Tools: Machine Learning, Linear Regression, Python, Pandas, NumPy, Seaborn, Matplotlib.

Data analysis using- SQL ([LINK](#))

Gained hands-on experience in designing efficient queries, optimizing database performance, and deriving actionable insights for strategic decision-making.

Proficient in utilizing SQL to uncover patterns, optimize data systems, and transform raw data into impactful business insights.

Diwali Sales Analysis using-Python([LINK](#))

I dived into Diwali sales data to uncover insights based on gender, age, state, marital status, occupation, and product categories.

CERTIFICATION

- **Simplilearn** Introduction to Data analytics ([Link](#))
- **NPTEL** The joy of computing using Python ([Link](#))
- **Simplilearn (Microsoft)** Power BI for Beginners ([Link](#))

ACHIEVEMENT

- Secured **2nd Rank** in the **5th** Semester with an **SGPA** of **9.95** at JD College of Engineering and Management
