Education

Bachelor of Technology CSE

Jigyasa University

2022-2026

Senior Secondary

Board of Intermediate Education

Uttar Pradesh

2021-2022

Secondary

Board of High School Uttar Pradesh

2019-2020

Expertise

Programming Language:

Python (Basic)

Tools:

VS code, Jupyter Notebook

Language

English

Hindi

PALKI TYAGI

AI ML developer Intern

Profile

Motivated and detail-oriented 4th-year B.Tech Computer Science student with a basic knowledge in Python programming and problem-solving skills. Seeking an internship position where I can contribute my knowledge of programming, algorithms, and software development while gaining valuable industry experience.

Research Paper & Project

A Retrospective Method of detection of Cyberbullying using Machine Learning Algorithms (Research Paper)

This involves analysis past digital communications to identify patterns and behaviors indicative of bullying.

The training models used:

- Naive Bayes
- Logistic Regression
- Support Vector Machine (SVM)

Face Detection and Recognition Student Attendance System (Project)

Working on an automated class attendance system using face detection algorithms. The system will utilize video capture to detect faces and mark attendance.

- OpenCV- for image processing and detection.
- Dlib,s Model to compare detected faces.

Key Skills

- Quick Learner
- Teamwork
- Leadership
- Multitasking
- Communication
- Team Management
- Patience & Calmness
- Confidence
