SUMMARY

A passionate and detail-oriented **Full Stack Developer** with a strong foundation in both front-end and back-end technologies. Skilled in building scalable, user-focused web applications and optimizing performance across the development stack. With a continuous drive to learn and innovate, I strive to deliver efficient, maintainable, and impactful digital solutions while collaborating effectively in dynamic, fast-paced environments.

EDUCATION

BCA	CGPA
Amity University	8.69 / 10
📅 09/2022 - 06/2025 📍 Noida, India	
12th Grade	Percentage
S.B.V. NO.1 Molarband [CBSE]	86.2 / 100
📅 2022 📍 New Delhi	
10th Grade	Percentage
G.B.S.S.S NO.2 Molarband [CBSE]	66.6 / 100
📅 2020 📍 New Delhi	

TECHNICAL SKILLS

- FrontEnd** - Html - CSS - JavaScript - React.js
- BackEnd** - Node.js - Express.js
- DataBase** - Mongo DB, MySql
- Programming Language** – JavaScript, Java, Python

SOFT SKILLS

- Strong problem-solving abilities
- Excellent communication skills
- Quick and adaptive learner
- Team-oriented with good collaboration skills
- Detail-oriented and well-organized

EXPERIENCE

Main Flow Services and Technologies - Web Development Internship	15-05-2024 to 10-07-2024
○ Seeking a Web Development Internship at MainFlow Services and Technologies. ○ Skilled in building responsive, user-focused web interfaces. ○ Strong problem-solving ability with a quick learning mindset. ○ Passionate about modern web technologies and real-world project development. ○ Motivated to contribute effectively and grow within a collaborative environment.	
MahaLaxmi Research and Services - Market Research	01-06-2025 - Present
○ Conducted detailed market research to gather insights on products, trends, and customer preferences. ○ Performed data collection, analysis, and interpretation to support business decision-making. ○ Prepared clear and concise reports summarizing research findings and actionable insights. ○ Evaluated competitor products and market positioning to identify opportunities and gaps. ○ Collaborated with the team to improve research processes and maintain data accuracy.	

PROJECTS

MediConnect

📍 Online [React, Node Js , Express.Js, MongoDB, RestFul API, JWT, Multer, NodeMailer]

🔗 <https://github.com/Roshan0333/MediConnect-api>

🔗 <https://github.com/Roshan0333/MediConnect-Frontend>

Developed and implemented the full-stack architecture for MediConnect, a healthcare appointment booking platform, using **React** for the frontend and **Node.js** with **Express.js** for the backend. Built **secure, scalable APIs** supporting **user authentication, doctor registration, appointment scheduling, and availability management**. Implemented **JWT-based authentication** with **secure cookie handling** and **role-based access control (RBAC)** for patients, doctors, and administrators. Integrated **Nodemailer** for **OTP verification** and **Multer** for **medical report uploads**, along with APIs for **appointment history, search, confirmation, and cancellation**. On the frontend, developed **responsive React components** for dashboards, booking flows, and real-time validations, ensuring a **smooth user experience**. Utilized **MongoDB** for scalable data management, delivering a **robust, efficient, and secure full-stack system**.

Instagram Backend

📍 Online [Node.Js , Express.Js , MongoDB , RestFul API, JWT]

🔗 <https://github.com/Roshan0333/instagram-api>

Developed a **backend API for an Instagram clone** using **Node.js, Express.js, and MongoDB**, featuring user authentication, posts, likes, comments, and follow/unfollow functionality. Implemented **JWT authentication** and **secure session management**, showcasing expertise in **RESTful API design** and **middleware handling**.

Tasty bites

📍 Online [Html , CSS , JavaScript]

🔗 https://github.com/Roshan0333/Tasty_Bites

Developed a **Recipe Application** using **HTML, CSS, and JavaScript**, enabling users to search and view recipes via an external API. Features include detailed ingredients, preparation steps, and the ability to add personal recipes. Focused on **API integration, DOM manipulation, and responsive design** to ensure a seamless user experience across devices.

Word Beater

📍 Online [Html , CSS , JavaScript]

🔗 <https://github.com/Roshan0333/wordbeater>

Developed a **Word Beater Game** using **HTML, CSS, and JavaScript** to help users improve typing speed and accuracy through an interactive interface. The game features random words, a countdown timer, difficulty levels, and real-time score tracking. Enhanced skills in **JavaScript event handling, DOM manipulation, and responsive UI design**.

Bidding Application

📍 Online [Html , CSS , JavaScript]

🔗 <https://github.com/Roshan0333/bidding>

Developed a **Bidding Application** using **HTML, CSS, and JavaScript** that allows users to place and manage bids for transportation and logistics contracts. Designed an interactive, responsive interface for creating requests, comparing bids, and managing logistics efficiently. Strengthened skills in **frontend development, responsive design, and dynamic UI handling**.

CERTIFICATE

Cisco

Earned the **Cisco – Programming Essentials in Python** certification, demonstrating foundational proficiency in Python programming and problem-solving skills.

CyberCup 3.0 Hacthathon

Participated in **CyberCup 3.0 Hacthathon**, collaborating with a team to develop innovative tech solutions while strengthening teamwork and analytical problem-solving abilities.
