Education

Ramrao Adik Institute of Technology, D. Y. Patil Deemed to be University

B.Tech in Computer Science & Engineering (AI&ML), CGPA: 6.71/10

July 2023 – Present

Navi Mumbai, India

Vidya Niketan Junior College

12th Grade, Percentage: 48.50%

March 2022

Ghatkopar, Mumbai

Navodaya English High School

10th Grade, Percentage: 66.2%

April 2020

Thane

Projects

Learning Management System (LMS) | Django, HTML, CSS

June 2023

- Developed a full-stack LMS with Admin, Teacher, and Student portals for managing courses, assignments, and grades.
- Implemented authentication, role-based access, and database management using Django.
- Designed a responsive UI with HTML and CSS to ensure smooth and intuitive user experience.

Food Recognition Model | Python, YOLO, Roboflow, HTML, CSS, Java

May 2024

- Built a real-time fruit recognition system using **YOLO** and **Roboflow** to detect fruits and display nutritional data (calories, protein, fiber, fats).
- Developed an interactive **web interface** using HTML, CSS, and Java for live detection and visualization.
- Optimized dataset preprocessing to improve model accuracy and detection speed.

Live Web-Cam Drawing | Python, OpenCV, NumPy

March 2025

- Created a virtual drawing application allowing users to draw in the air via webcam-based color tracking.
- Implemented contour and HSV detection for precise gesture recognition and real-time rendering.
- Added gesture-based color palette and clear/reset options for seamless interaction.

Interactive Map (Touchless Control) | Python, OpenCV, cvzone, NumPy

May 2025

- Developed a touchless interactive map using hand and index-finger tracking for real-time region selection.
- Used perspective transforms and polygon detection for accurate gesture response and region highlighting.
- Showcased expertise in computer vision, image processing, and user interaction design.

Technical Skills

Programming Languages: Python, Java, C

Web Technologies: HTML, CSS, JavaScript, Tailwind, React Js

Frameworks & Libraries: TensorFlow, Flask, Django, OpenCV, MediaPipe, NumPy, Pandas

Tools & Databases: Git, MySQL, SQL, VS Code, Jupyter Notebook, Excel, Power BI

Core Areas: Artificial Intelligence, Machine Learning, Deep Learning, Computer Vision, Image Processing, Data Visualization

Certifications

• **Hackeroid Bootcamp, Participant — GDSC-RAIT (Certificate)**

March 2022

Completed a four-session training in **Java** and **Android Studio** for Android app development.

• **Designaire Participation Certificate**

May 2022

Demonstrated **creativity, design thinking, and teamwork** in an innovation-based event.

• **AWS Academy Graduate – Machine Learning Foundations (Certificate)**

Apr 2025

Gained hands-on experience in **supervised & unsupervised learning**, model evaluation, and **AWS ML tools**.

• **IBM – AI for Everyone (AI0101EN) (Certificate)**

Apr 2025

Learned **AI fundamentals**, data-driven decision making, and **ethical AI applications**.

• **IBM – Apache Spark for Data Engineering & Machine Learning (BD0231EN) (Certificate)**

Apr 2025

Acquired practical skills in **big data processing**, distributed computing, and **ML pipeline development** using **Spark**.

Hobbies

Building side projects, Chess, Fitness, Travelling, Listening to music
