DATA SCIENCE & ANALYTICS

Motivated and detail-oriented Data Science and Machine Learning enthusiast seeking a position as a Data Scientist or Data Analyst. Strong foundation in Python, MySQL, Machine Learning, and Exploratory Data Analysis (EDA), with experience in analyzing trends, identifying patterns, and deriving data-driven insights. Passionate about critical thinking, problem-solving, and leveraging AI/ML techniques to drive business impact.

KEY COMPETENCIES

- Programming & Data Science: Python (for Data Science), MySQL, Machine Learning Algorithms, Data Visualization, EDA
- Tools & Technologies: NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn, Git & GitHub (Basic)
- Soft Skills: Critical Thinking, Communication, Leadership, Problem-Solving, Event Management
- Currently Learning: Linux (for cybersecurity and system administration)

PROFESSIONAL EXPERIENCE

Mini-Project Lead | Career Guidance System
KR Mangalam University

Feb 2025 - Present

- Led a team to develop a Career Guidance System using Machine Learning and NLP.
- Built a quiz-based career recommendation model with real-time job market data integration.
- Applied Python, MySQL, and ML algorithms for career prediction and insights.

Hackathon & Event Organizer
KR Mangalam University

Ongoing

- Organized multiple technical workshops, hackathons, and tech fairs, engaging students in AI/ML.
- Conducted AI/ML sessions as a resource person, helping peers understand Machine Learning concepts.
- Currently volunteering for Robothon 2025, an inter-college robotics event.

StartUp Ideation(ConnectNow)
KR Mangalam University

Ongoing

Ongoing • Developed and incubated OneConnect, a social event-based networking app, at the college incubation center. • Designed the platform to help individuals connect for events, movies, and food outings based on shared interests. • Pitched the startup at STPI Mohali, representing the college and exploring further funding opportunities.

EDUCATION & CERTIFICATIONS

Bachelor of Technology
B.Tech CSE (Specialization in AIML)
KR Mangalam University(2024-2028)

Certifications:

- Stanford Online Certification - Machine Learning & Deep Learning
- IBM Data Analyst Certification
- Hackathon Participation Certifications
- Volunteering & Event Management Appreciation Certificates

EXTRACURRICULAR ACTIVITIES

- **Hackathon Participation -**
Competed in AI/ML ,IoT and other challenges
- **Event Management-**
Active organizer of college tech fairs,cybersecurity evrnts and AiML,GitHub,Linux workshops
- **Startup Initiative -**
Previously incubated OneConnect, a social event-based app, in the college incubation center
