2020

PROJECTS

TechTonic Labs (techtoniclabs.vercel.app) [🔗](#)

- Developed and deployed a startup website using HTML, Tailwind CSS, and JavaScript, with GSAP animations for smooth transitions. Integrated Web3Forms API for the contact page and hosted the project on Vercel and GitHub for seamless deployment and version control.

TechTonic Games (techtonicgames.vercel.app) [🔗](#)

- Developed a website for hosting online gaming tournaments for BGMI, Free Fire, and other popular games. Built using HTML, Tailwind CSS, JavaScript, and GSAP animations for an engaging user experience. Integrated Web3Forms API for seamless user interactions and deployed using Vercel and GitHub for efficient hosting and version control.

E-commerce Site UI

- Designed a modern e-commerce website interface using HTML, Tailwind CSS, and JavaScript. Created product listing, cart UI, and interactive hover effects to enhance user experience. Focused on a clean and responsive design for different screen sizes.

SKILLS

- Front-End Development:** HTML, CSS, Tailwind CSS, JavaScript, GSAP Animation
- Back-End Development:** Node.js, Express.js, REST API Development, MongoDB (Basic)
- Programming & Problem-Solving:** Python, DSA and Problem Solving
- Databases & Frameworks:** Familiar with SQL and React.js
- Deployment:** Vercel
- Version Control: Git, GitHub

CERTIFICATE

Practical Web Design & Development

- Completed a comprehensive course on web design technologies, covering **Photoshop, HTML5, CSS3, and Bootstrap**. Gained hands-on experience in **UI/UX design**, wireframing, responsive design, and interactive web development. The course provided practical insights into modern web design techniques and industry best practices.
