PROJECT DETAILS:**TITLE OF PROJECT: "PLACEMENT PORTAL"**

From a student's perspective, placements can bring a wide range of benefits and opportunities. Training and management of placement is a crucial part of an educational institution in which most of the work is done manually. Manual system in the colleges requires a lot of manpower and time. With this project we aim to develop a web portal to solve this issue. The project is aimed at developing an application for the placement department of the college. It is a web-based placement management.

CERTIFICATES:

Internship certificate

- Based on java full stack development in V Linkin Mysore
- Completed google AI essential in google coursera

INTERESTS:

- Photography
- Playing Badminton
