Career Objective

Motivated and detail-oriented MCA student with a strong foundation in software development, data analytics, and problem-solving. Seeking a challenging software engineering role to apply technical skills in building scalable and innovative technology solutions.

Education

Master of Computer Applications (MCA), NIE College
2024 - 2026 | Pursuing

Bachelor of Computer Applications (BCA), PES College
2022 - 2024 | CGPA: 9.0/10

Technical Skills

Languages: Java, Python, C++

Web: HTML, CSS, JavaScript (Basics), REST APIs

Database: MySQL, SQLite

Tools: Git, VS Code, Eclipse

Cloud Basics: AWS (EC2, S3 – Beginner Level)

CS Concepts: Data Structures, OOPs, DBMS, OS

Projects

1. Online Course Recommendation System (Python, Flask)

- Built a course recommendation app using cosine similarity on course descriptions.
- Integrated with SQLite for course data management and deployed locally.

2. College Event Management System (Java, MySQL)

- Developed a Java Swing-based desktop application to manage college events.
- Enabled student registration, event tracking, and admin-level access using JDBC.

3. Personal Portfolio Website (HTML/CSS/JS)

- Designed and hosted a personal portfolio showcasing projects and certifications.
- Optimized for responsiveness and mobile viewing.

Certifications

- Python Fundamentals – Great Learning
- Google AI Essentials – Google
- Data Analytics Job Simulation – Deloitte via Forage
