English

EXPERIENCE

CETPA | FULLSTACK DEVELOPER USING REACT | TRAINING

Jul 2023 – Dec 2024

- Interned as a Full Stack Developer, contributing to the development of web applications, implementing front-end designs, and integrating back-end functionalities. Acquired skills in software development, problem-solving, and Teamwork in an agile environment.

CODSOFT | WEB DEVELOPMENT

1 Month

- I contributed to web development projects, utilizing HTML, CSS, and JavaScript. Collaborating with senior developers, I tackled coding challenges and implemented enhancements. This internship enhanced my skills and passion for web development.

INTERNEP | WEB DEVELOPMENT

1 Month

- During my web development internship, I gained hands-on experience in building and maintaining responsive websites using HTML, CSS, and JavaScript. I collaborated with a team to implement user interface designs, enhance site functionality, and optimize performance. This internship allowed me to apply my skills in a professional setting, strengthen my problem-solving abilities, and deepen my understanding of web development practices.

PROJECT

AUTH APP Feb 2024 – Mar 2024

- Developed a full-stack authentication project, implementing user authentication, authorization, and secure access controls. Utilized technologies like React, Node.js, Express, and MongoDB to create a robust and secure application. Implemented features like user profile, login/logout, password reset, and role-based access control. Gained valuable experience in building scalable and secure web applications.

CRUD APPLICATION APP | crudapplication.com

Jan 2024

- Developed CRUD applications utilizing local storage to manage data persistence.
- Designed user-friendly interfaces for data input, display, and manipulation.
- Implemented Create, Read, Update, and Delete functionalities ensuring seamless user experience.
- Documented code and provided technical support to end-users as needed.

LANDING WEBSITE | landingpage.com

Nov 2022 – Jan 2023

- Developed responsive landing pages using HTML, CSS, and JavaScript to create engaging user interfaces and interactive web experiences. Applied modern design principles and optimized page performance for seamless user interaction.
- It is also responsive Website.
