SUMMARY

I'm a BBA Computer Applications student with hands-on experience in full-stack web development. I know how to work with Java, PHP, MySQL, HTML, CSS, and JavaScript. I'm passionate about building easy-to-use and efficient websites and looking for an opportunity to work on real projects, learn from others, and grow as a developer.

SKILLS

Frontend: HTML, CSS, Bootstrap, JavaScript, Basic React.

Backend: C, C++, Core Java, Advanced Java, PHP, JDBC.

Databases: MYSQL, MS Access.

Tools & IDEs: GitHub, VS Code, Eclipse IDE, NetBeans, Visual Studio 2022.

Key Skills: Full Stack Development, Java Development, SQL DB Management, Web Application Design.

EDUCATION

Bachelor of Business Administration (Computer Application)

A.S.C. I. College, Indapur | Pune University

- 2022 – 2025

PROJECTS

Task Management System

Role: Full Stack Developer

Technologies: PHP, MySQL, HTML, CSS, JavaScript

Description: Built a task management system with features like task categories, deadlines, and status updates. Used PHP and MySQL for the backend and created a mobile-friendly, responsive design for the user interface.

Employee Management System

Role: Java Developer

Technologies: Core Java, MySQL, HTML, CSS, JavaScript, Bootstrap

Description: Created an employee management system to help HR manage attendance and payroll more easily. Built the backend with Core Java and MySQL, and used Bootstrap to make the front-end responsive. Helped reduce manual work by 40%.

ACHIVEMENTS

- Participated in problem-solving round using java at Vidya Tech Competition, Baramati, 2023
- Web Development Essential - it-Vedant,2025
- JavaScript Essential - it-Vedant,2025
